CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Islampur College follows the Curricular Aspects designed by the University of

North Bengal, being affiliated with the said university. The college from the point of entry of students informs them about the CBCS mode of study in the classes. The college academic calendar is made following the curriculum framed by the parent university and is displayed on the college website before the admission procedure every year. The syllabus is periodically updated by the University. The college has various well-structured processes that enable smooth communication with the university. Committees are formed for the Effective Implementation of the curricular aspects. The Teachers' Council plays a vital role along with the various sub-committees of the college and all departments provide directions and regularly monitor the efficiency throughout the session. The college also forms sub-committees which prepare guidelines and frameworks to fulfil the requirements of the university. The subcommittee's function under the preview of the Teacher Council. We conducted Special lectures on different academic aspects by various Resource persons through which our students could acquire deep knowledge. Field surveys/educational trips are regularly organized by several departments according to the curriculum. To enhance the overall development of our students the college organised various co-curricular and extra-curricular events and annual sports meet too is held. The college designs a curriculum based on the needs, interests, purposes abilities of the students. The college has successfully conducted a periodic assessment to maintain its academic standards with transparency. The curriculum is reviewed and the proper authority is informed at regular intervals to reflect the advancement of knowledge. All the departments conduct meetings to discuss class assignments, internal assessments, teaching aids, and the use of materials for references before the beginning of each session to discuss and plan the execution of courses for their smooth functioning. The college makes a balance between curricular and extracurricular activities. Remedial classes are conducted particularly for slow learners to strengthen the learning process. The college takes an active role in building infrastructure and facilities whenever the curriculum is revised/ updated. The teachers are given unconditional support from the college to enhance their subject knowledge by deputing them to attend various workshops, conferences and seminars. Thus, the teachers use various methodologies like blended learning, experimental learning and inquiry-based learning in their course plan to ensure effective delivery of the curriculum. The college has well-equipped laboratories and classrooms. The college conducts internal assessments, weekly class tests and annual examinations to monitor the learning process. Further practical classes are also assessed to monitor the hands-on learning process of students. Paper presentations are done by our students which are evaluated through Mentor -a mentee programme to address the problems of the students.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
Feedback from the students, teachers and employers are collected with respect

to the usefulness of the syllabus and their satisfaction level. The feedback forms were collected, analysed and the information is debated in advisory committee consisting of senior faculty members for the evolution of the efficiency and success of the students. All students were satisfied with the academic content of the syllabus and the way it was covered. It is observed that all the students are completely satisfied with the relevant teaching material used for the courses and were satisfied with the evaluation process at the college examination as well as the University examination. Interactions of the students with the principal, teachers and office staff are positive and amiable. Some students gave feedback regarding their concern over the library services, though their overall experience was satisfactory. Their feedback about the campus playground and campus canteen suggested that upgradation is needed in these areas. They also requested for upliftment of the infrastructural facilities, introduction of better ICT facilities and improved library facilities as well. The college management has taken some steps and initiative on the basis of the feedbacks from students and teachers. The infrastructure of the library was upgraded and campus canteen and campus playground was improved. The teaching faculty exhibits a positive outlook towards the student's hard work and efficiency and the employers showed their confidence on the skills of the teachers. Further the employers expressed their gratitude for adopting steps for the development of the college

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The institution has not adopted any structured mentoring model, but has always wanted to ensure that students feel comfortable in the academic setup by following the strategies mentioned below: An orientation program for students is organised from the first day of attending College, by Teacher- in- charge, as well as senior teachers, heads of respective departments to welcome them and familiarize them with the institution. The head of departments seeks to direct them towards the department, the core curriculum, the examination system, career opportunities, and a Q A session to dispel any doubts that students may have at the beginning of an academic session. During each semester, faculty members of the department identify weaker students by way of continuous evaluation and special tutoring classes are routinely organised by mentor. In addition, the teachers take special care in dealing with slow learners and offer suggestions for improvement. Teachers encourage students to participate in quizzes, presentations, debates, theatre, sports, cultural activities, etc., observed on the college campus. The students are also mentored in extracurricular activities by corresponding teachers during events such as the competitions of the Youth Parliament, Science fairs etc. These activities promote the overall growth of the student, like personality, leadership skills, communication skills, etc.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous internal evaluation (CIE) is an important component of the colleges teaching and learning activities. The Choice-Based Credit System (CBCS) has been introduced in the institution as of year 2018. On account of that, we are at an early stage of initiating and implementing reforms in this system. In order to enhance the quality assessment and further improve the mechanism of internal examination and evaluation, adhering to the University guidelines, a committee consisting of senior teachers and Heads of the Departments of the Institution, has been formed. The college undergoes a series of Oral, and written test, assignment-based tests, group discussions, power point presentations to evaluate the merit of the students. Also, the Even semester examination is conducted via blended mode owing to spread of Covid-19.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The Internal Quality Assurance Cell, in consultation with the Teacher-in-Charge, prepared the academic calendar before the commencement of the new academic session. The calendar guides the college in scheduling all the academic and cocurricular activities, such as teaching, internal assessment, sports activities, cultural activities, etc., to carry smoothly, timely, and efficiently. The calendar highlights all the important activities that are to be carried out during the academic year, as mentioned above. The examination schedule is prepared by the affiliating University of North Bengal, which is then incorporated in the college academic calendar. Accordingly, the examinations are conducted as per the schedule prepared by the University of North Bengal. From the mid of Even semester, the academic classes were conducted through online mode and cocurricular activities were slightly disrupted due to spread of Covid-19.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

Islampur College has set procedures and policies for the maintenance and use of physical, academic, and support facilities such laboratories, libraries, sports facilities, IT infrastructure, etc., The governing body of this

institution allocates appropriate funds to cover the management of the academic and physical facilities. 1. Maintenance of the Laboratory: Islampur College has four operational laboratories belonging to the departments of Physics, Chemistry, Mathematics and Geography. The entire maintenance of the laboratory is monitored and supervised by the head of the concerned department. Each department keeps track of the equipment that is currently in stock. Heads of departments submit the requisition for purchasing new equipment to the Teacher-in-Charge. The requirements are met in accordance with the availability of funds. 2. Library: The library committee and governing body are responsible for purchasing and procuring books, manuscripts, and other materials in accordance with suggestions made by the departments of the college in order to maintain the library's infrastructure and facilities. The library has a wide collection of text and reference books, and the figure is around 16,000. Apart from that we keep 10 journals of national importance that caters the need of our students across several departments. The allocated library staff member arranges all the books in proper order and routinely cleans and maintains the shelves and stack rooms. The procedure for conserving and preserving books is done on a routine basis. 3. Maintenance of the sport facilities: Islampur College believes in the philosophy of 'A sound mind in a sound body'. Hence, the college tries to inculcate and promote the culture of physical and mental soundness among its peers. As a part of this vision, the college has constructed an indoor stadium for indoor game activities and the college is in possession of a huge sports ground spread across 16 acres of area that facilitates outdoor sports activities like cricket, football, volleyball, badminton, discus throw, etc. Further, the college annually hosts sports' day so that the students could participate in various sport events. The college Sports Committee in coordination with the Governing Body purchases sport articles and necessary sport equipment time to time according to the need of the students. 4. Computer: Recognizing the importance of Technology in education, Islampur College is well-equipped with IT facilities. IT facilities with Wi-Fi were introduced first-time in the college on 1st June 2007. After that, it was updated several times. In the year 2014, two types of Broad Band connection (i.e., Alliance and BSNL) with Wi-Fi in nature were introduced only for the offices, Labs, and Library. In the year 2018, when the CBCS education system was effective, the IT facilities were upgraded to spread all over the college like an umbrella. At that period internal exam became fully digitalized. 5. Classroom Infrastructure: Within its limited infrastructure and resources, Islampur College endeavours to cater huge number of students. Though the college is not in possession of adequate number of classrooms, its vision is to expand the number of classrooms in future.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Islampur college in its academic voyage over the years has catered well to the important principles of effective management such as that of participation and decentralisation. The governing body the college (which is the highest decision-making body of the college) is a glaring example of the same in which its very structure accommodates representation from stakeholders like the government, affiliating university, teachers, support staffs and students of the college. Any important matter pertaining to the academics and administration is brought in the table of the governing body where the decision is arrived on the basis of consensus of the members present. The meeting is usually held at regular interval of time abiding by the concerned rules and regulations. All such meetings are well documented and readily available for future use. The admission committee (which is a non-statutory committee) also works on the principles of participative management and decentralisation. The committee is constituted with the teacher-in-charge being the chairperson along with at least one member from each department as well as support staffs of the college. The committee is responsible for selecting the vendors (for developing the

software portal for online admission), setting the cut-off marks, seat-intake capacity of every course, scrutinising the online application, preparing the merit list, e-verification/physical verification post admission, etc.

Teaching and Learning	The thrust area of the college is to impart quality teaching to its students. The college employs both traditional method (classroom teaching) and ICTs (computer, projectors, smart boards, e-learning, etc). Moreover, the science departments have their well-equipped laboratories wherein they conduct their practical classes. In addition, field visit, excursions, group discussions, etc. are periodically conducted.
Examination and Evaluation	The college has an Examination Committee, wherein the members are elected by the Teachers' Council. The committee ensures the smooth functioning of the examination and evaluation process. Examination is conducted as per the schedule of the affiliating university and is conducted annually. Moreover, exams in the form of continuous evaluation are conducted throughout the year. The examination committee is assigned with the works of preparing the seat plan, roster of duties, distribution of mark sheets and certificates to the students, etc.
Research and Development	The college encourages its dynamic faculty members for active participation in research in the form of publications in journals, books, etc. and presenting papers in seminars and conferences at various levels.
Library, ICT and Physical Infrastructure / Instrumentation	The college has a rich library with large number of books on different subjects. There is a separate reading section for both the teachers and students. The college library can be

	<p>accessed for spot reading as well as for borrowing and lending of books both by the teachers and students on the production of college ID/Library cards. The college has a separate ICT enabled smart classroom to cater to the needs of specific topics included in the curriculum.</p>
Human Resource Management	<p>The teachers and support staffs are always encouraged to keep their morale high and the college motivates them in various forms. A co-operative society functions for all staffs of the college. Moreover, festival advances are provided to the interested employees.</p>

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. The institution strongly discourages the use of plastic in the campus. Awareness campaigns against the use of plastic have been undertaken to enlighten the students about the dangers of environmental pollution due to the abuse of plastic. Flex materials are strictly banned in the campus, and students and staffs are always encouraged to use natural and bio-degradable materials for banners and backdrops. 2. The institution tries to maintain a green campus and undertakes afforestation activities regularly. Every year the college celebrates World Environment Day on 5th June during which a large number of saplings are planted and distributed in the locality. 3. Proper waste disposal and recycling norms are established and strictly followed in the college campus. During the NCC and NSS camps, students are regularly encouraged to maintain clean and hygienic environment both inside and outside the campus. 4. Instead of using personal two wheelers or four wheelers, students are encouraged to use public vehicles and bicycles for coming to the college since this practice helps reduce environmental pollution to a large extent. Since the college is located near the national highway no 34, public transport system can easily be availed of by the students. This also helps them in staying grounded and maintaining close contact with society. 5. The Institution does not support the buying of single use bottled water for any programme since this increases plastic pollution. A number of purified water dispensing machines with bio-degradable paper cups have been installed in different locations within the campus so as to facilitate people's access to safe and hygienic drinking water without creating any non-recyclable waste. 6. To reduce the use of papers, the Institution has implemented "E-Notice system" which delivers important notices to the students via sms and other online systems.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. On 06.07.2019, A Mega Pollution Awareness Pakhwada was organized by the NCC unit of the college in which 37 student-cadets participated. During the program, the Teesta Canal area of Islampur was cleaned and local residents were made aware about the dangers of such pollution. 2. On 21.06.2020, International Yoga Day was celebrated Online by the NCC unit of the institution in which 46 students participated from their respective homes. To attune our bodies to the powers of the mind is the keyword of Yoga. During the program students were encouraged to practice Yoga since it helps building mental and physical fitness of all individual irrespective of their age. Due to Covid 19, the entire program was arranged online and how Yoga can help us in boosting our immunity was also discussed during the program. Students were encouraged to practice Yoga to fight all kinds of health issues.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Islampur College came into existence on the 4th of December 1973 in the economically underprivileged region of Uttar Dinajpur with the sole aim of making higher education accessible to the marginalized people of the area. Over the past fifty years, the college has continuously tried to serve the people of the region not only by bringing them the light of higher education but also by helping them realize their worth to become human resources for their social and cultural environment. The Institution has always emphasized the holistic development of students and has provided them with every opportunity and resource to facilitate this development. Initially Islampur College could only offer courses in the Arts stream. But now it offers 11 different honours courses in Arts, Science and Commerce streams besides the regular pass courses in a range of subjects and combinations. Ever since its inception, the institute has been focusing on the holistic development of students while aiming at excellence in education and meeting the quality standards set by accrediting and regulatory bodies. Accredited by NAAC with Grade B in 2016, the main vision of the Institution is to empower the students and to motivate them to pursue knowledge, understand and acknowledge values, and accept social responsibilities. The Institution encourages Personality enrichment, Employability skill development, Entrepreneurial development, Language skill development of the students through different programs. The college implements the university curriculum through a series of well-planned and effective teaching learning activities. Teachers are always keen to adopt to various approaches to enable the students to meet their individual needs. The institution always tries to identify and bridge the curriculum gaps if any and aims at imparting the content beyond syllabus so as to make the students interested in exploring their subject more and more. The institute organizes various programs for providing hands-on training to the students and to motivate them. The institution tries to nurture the social skills of the students by making them aware of and alive to their basic responsibilities as a part of their socio-cultural milieu. The students are regularly exposed to the diverse social structures and their problems through the various programs organized by the NSS and NCC units of the college. The students undertake several activities of spreading social awareness about various burning topics of the contemporary time such as women health, HIV, environmental pollution, etc. Through these engagements, the students become increasingly aware of the various issues that problematize our modern existence. The institution also promotes physical as well as mental fitness among the students in order to cultivate and boost skills like team spirit, confidence, decision making, mental strength, etc. Every year, the college organizes annual sports events for the students wherein students of all genders participate and show their sportsman spirit and teamwork. The institution also celebrates international Yoga Day each year. During the camps held at various village adopted by the institution through NSS, various physical and psychological activities like Yoga, exercises, outdoor sports etc are also conducted.

8.Future Plans of Actions for Next Academic Year

. The college seeks to continuously innovate the teaching learning procedure and to introduce new courses and remain relevant to the changing needs of the students. The institution seeks to upgrade its library resources in order to include more books and journals which can be directly accessed by the students and the faculty members. 2. The college aims at creating an enabling environment for the holistic development of the students, the faculty members and the other staffs. The institution wants to encourage and facilitate Research Culture and aims to promote research both by the students and the faculty members of the

college. Some faculty members of the institution are working on UGC Minor Research Project. Some other teachers are engaged in their doctoral studies. The institution will strive to inspire other faculty members to aspire for such research works and consultancies in the coming time. 3. The institution wants to facilitate continuous upgradation and updation of Knowledge and to increase the use of technology both by the Faculty and the Students. The institution wishes to provide continuous internet facility in the campus. Due to poor connectivity, implementing this was identified to be a huge challenge for the institution for a long time. But with the development of technology, we are now at a far better state. So, the institution wishes to provide better internet connectivity inside the campus in the next academic session. 4. Preserving the nature and promoting afforestation has been a huge challenge for our generation. The institution wants to create awareness and initiate measures for protecting and preserving the environment among the staff and the students. 5. The college seeks to fulfil its Social Obligations, in the manner of providing formal informal education, dissemination of Knowledge, organizing programmes and activities for the benefit of the Community and Other Stakeholders. 6. The college wants to continue to provide formal education to the needy and the deserving students, by providing concessions, fee waiver, etc. The college also seeks to organize programmes for informal education on topics of general interest for the benefit of the students in particular and the society in general. The institution also wishes to continue to organize Extension Activities for the benefit of the Students. 7. There is a strong scarcity of class rooms in the college. The building also needs some repairs here and there. So, in the next year, the college seeks to Implement Structural Repairs to the existing Building and Electrical fixtures and if possible to create some additional class rooms by optimally utilizing the available space. 8. The college seeks to upgrade the Canteen Facility and Canteen Kiosk, for the Students and the Staff Members. 9. The college also wants to give thrust to and create awareness about Cleanliness among students, and to identify hidden talent among the students for various sports and cultural activities.
